I think you people are over reacting to a situation that expects an open honest opinion and not a bunch of mouth running like you have taken an Exlax pill and have to go bAD.
You people make me almost sick enough to send my license back to ARRL or the FCC and tell them to wipe their butts with it.

Too bad laziness isn't a recognized handicap. You just missed your chance
to claim an exemption from that nasty, vile, outdated Morse code.

That makes about as much sense as the rest of the crap you've been
inflicting upon us for the last few months. Get a grip, or get some
therapy. Now, before it's too late!

I totally AGREE.

Some People need to act their age and not their I.Q. because some on
here, the way they have reacted have NO I.Q.
